Beginning fall 2022, Overbrook School will transition to a preschool – 6th program, while SCA will add 7th-8th grade girls. Overbrook School and SCA will work together to ensure a smooth and thoughtful transition, with faculty and staff from both schools being an integral part of the conversation and planning. We have several tentative benchmarks throughout the year at which we anticipate being able to share the information below.

- **Late September** – General outline of academic program, fine arts, athletic, co-curricular offerings and tuition set.
- **Fall Open House** – Course descriptions, including electives and learning support, general student life overview – leadership/service/social emotional formation. Temporary physical location will also be shared.
- **First Week of January** – Uniforms, meal plan, and further academic details – daily schedule, grading scale, etc.
- **Late March** – 7th – 8th orientation, school policies and procedures
- **August 2022** – SCA launches 7th – 12th program

The admissions process for each school will follow the timelines published on the respective school websites.
